Final Programme
JOIN EUROPE’S LEADING UROGYNAECOLOGISTS

Membership to the European Urogynaecological Association is open to all professionals who are involved in the care of women with lower urinary tract or pelvic floor dysfunction (such as obstetricians/gynaecologists, urogynaecologists, urologists, and nurses). The table below will help you decide which membership level is right for you. Register online at www.eugaoffice.org

FULL MEMBER
Who for: Clinicians or scientists in the field
Annual fee: € 100
You will receive
Access to specialised training
Europe – wide professional networking
Information sharing opportunities.
Reduced congress/event fees
Free 12 month subscription to EJOG
Full website access
(view congress slides and other member-only content)

ASSOCIATE MEMBER
Who for: Physician Assistants/Associates, Nurses and Medical Students
Annual fee: € 40
You will receive
Access to specialised training
Europe – wide professional networking
Information sharing opportunities.
Discounted 12 month subscription to EJOG
Full website access
(view congress slides and other member-only content)

EUGA AFFILIATE SOCIETIES

- Austrian Working Group in Urogynaecology and Pelvic Floor Surgery (AUB)
- British Society of Urogynaecology (BSUG)
- Czech Urogynaecological Society (UGS)
- Continence Foundation of Ireland
- Dutch Society of Urogynaecology (NVOG)
- German Society of Urogynaecology (AGUB)
- Hellenic Urogynaecological Society (HUGS)
- Israeli Society of Urogynaecology and Pelvic Floor (IUGS)
- Polish Urogynaecological Society (PTUG)
- Portuguese Society of Urogynaecology (PSUG)
- Spanish Section of Urogynaecology and Pelvic Floor (SESP-SEGO)
- Swiss Urogynaecology Association (AUG)
- Turkish Urogynaecology & Pelvic Reconstructive Surgery Association (TUPRA)
- Working Group in Pelvic Floor Urogynaecology (GLUP)

EUGA welcomes affiliated membership via national associations. For more information please contact EUGA Office (contact details as follows)
EUGA COMMITTEES

EUGA EXECUTIVE COMMITTEE
- Stefano Salvatore, President, Italy
- Stavros Athanasiou, Vice President, Greece
- Barry O’Reilly, Treasurer, Ireland
- Linda Cardozo, Past President, UK
- Renaud de Tayrac, France
- Heinz Kölbl, Austria

EUGA NOMINATION COMMITTEE
Members: Stefano Salvatore, Italy - Stavros Athanasiou, Greece - Linda Cardozo, UK - Heinz Kölbl (Austria)

EUGA SCIENTIFIC COMMITTEE
Chairs: Jan-Paul Roovers, Netherlands - Michele Meschia, Italy
Members: Jan Deprest, Netherlands - Gert Naumann, Germany - Kamil Svabik, Czech Republic - C. Huub van der Vaart, Netherlands

EUGA INDUSTRY LIAISON COMMITTEE
Chairs: Ash Monga, UK - Stavros Athanasiou, Greece

EUGA EDUCATION COMMITTEE
Chairs: Montserrat Espuña Pons, Spain - Dudley Robinson, UK
Members: Marcin Jozwik, Poland - Christian Phillips, UK - Cristina Ros, Spain

EUGA PUBLICATION COMMITTEE
Maurizio Serati, Italy
Members: Ilias Giarenis, UK - Ruwan Fernando, UK - Tomasz Rechberger, Poland - Ralf Tunn, Germany
Rosa Maria Laterza, Austria - Marco Torella, Italy

EUGA ACCREDITATION COMMITTEE
Eckhard Petri, Germany
MESSAGE FROM THE EUGA PRESIDENT

Dear Friends/Colleagues,

I am pleased to invite you to the EUGA annual meeting that will take place in Barcelona between the 19th and the 21st of October 2017. After a very successful meeting in Amsterdam last year, our expectations for EUGA future meetings are even higher. The Scientific Committee is working on an exciting scientific program covering the many hot topics in Urogynaecology. Abstract sessions with original research will also be an important part of this event. We therefore need your help and, please, send abstracts and contribute to make Urogynaecology in Europe more and more important. I have recently visited the venue of the meeting in Barcelona and I can guarantee there are all the necessary facilities to run a friendly and successful meeting. Moreover the beauty of Barcelona, together with the great hospitality of Prof Montserrat Espuna, will certainly make this meeting unforgettable. EUGA meetings are becoming more and more important with increasing of attendants but despite this growing trend we want all participants to have good memories of a friendly atmosphere. EUGA meetings should be an opportunity for people from different Countries and cultures to share their experiences in a positive and constructive way. For this reason we strongly consider also the social events as important occasions for building relationships and we will certainly put our efforts into organizing an amazing EUGA dinner. Therefore fix the dates of 19-21 October 2017 and submit your abstracts.

EUGA wants to be your Urogynaecological association. See you in Barcelona.

Stefano Salvatore
EUGA President

MESSAGE FROM THE ANNUAL MEETING CHAIR

It is with great pleasure that I invite you to come and join us in Barcelona for the 10th Annual Congress of the European Urogynaecological Association (EUGA). On behalf of the local organising committee and all EUGA members in Spain, I warmly welcome all of you to take part in the most outstanding event of our Association. The EUGA’s Education and Scientific Committee with the support of the Executive Committee are working hard in order to provide an excellent scientific programme which will meet the high standards of Urogynaecology in Europe and in the world. Our objective is to offer to all professionals who are involved in the care of women with lower urinary tract or pelvic floor dysfunction, the best and the latest advances in this constantly innovative field. Barcelona is the second largest city in Spain, with 2,000 years of fascinating history and cultural heritage, is the capital and the most populated city of Catalonia and has consistently ranked as one of the best cities in Europe in terms of quality of life. I very much hope you will take this opportunity to visit our country and I look forward to meeting you in Barcelona in October 2017.

Montserrat Espuña Pons
EUGA Meeting Chair

**Note:** The event information is subject to change. Please refer to the official website or venue for the most up-to-date information.
12:00  Registration

14:30 – 16:30  **EUGA WORKSHOPS**

14:30 - 16:30  **URODYNAMICS: A PRACTICAL COURSE FROM BASIC TO ADVANCED**
Chairs: Dudley Robinson, Lluis Amat

- Introduction
- Assessment and Initial Management of Lower Urinary Tract Symptoms
- Cystometry
- Videocystourethrography
- Ambulatory urodynamics
- Urethral Pressure Profilometry
- Special Considerations: Neurogenic Patients
- Special Considerations: Elderly
- Case Presentations and Group discussion

14:30 - 16:30  **LAPAROSCOPIC SACROCOLPOPEXY / HYSTEROPEXY: HANDS ON WORKSHOP**
Chairs: Christian Phillips, Francisco Carmona

- Welcome and Introduction
- Laparoscopic suturing techniques: demonstration
- Sacrocolpopexy: anatomy and procedure steps
- Hysteropexy or colpopexy and hysterectomy
- Best practice: update from IUGA laparoscopic special interest group
- Hands-on workshop developing laparoscopic suturing and knot tying techniques with tips and tricks from faculty

**@CORAL ROOM**

- Dudley Robinson
- Angela Rantell

- Bruno Deval
- All WS Faculty
THURSDAY, 19TH OCTOBER 2017

14:30 - 16:30  PERINEAL PROTECTION WORKSHOP  
Chairs: Renaud de Tayrac, Cristina Ros  
- Mechanical principles in perineal protection  
- Techniques of episiotomy, types and optimal repair  
- OASIS, prevention, repair and what to do in the next delivery?  
- OASIS diagnosis: Clinical or ultrasound evaluation  

@CRISTAL ROOM
Vladimir Kalis
Vladimir Kalis
Zdenek Rusavy
Renaud De Tayrac

16:30 – 17:30  COFFEE BREAK

17:30 – 18:30  INDUSTRY SATELLITE SYMPOSIUM ON LASER*  
@VERDI ROOM
Josep Lluis Gonzalez, Belen Onecha

18:30 – 19:00  HISTORICAL LECTURE. THE UNKNOWN GAUDI  
Chair: M. Espuña Pons

19:00  WELCOME MESSAGE  
Stefano Salvatore, Montserrat Espuña Pons

WELCOME RECEPTION & BUFFET DINNER IN EXHIBITION AREA

* for more details see p. 20
08.00 - 09.00

**ABSTRACT SESSION | VIDEOS**

**Chairs:** Stefano Salvatore, Eva Martinez

   Anglès Acedo Sonia, Kastelein Arnaud W., Ros Cerro Cristina, Raatikainen Kaisa, Alonso Lopez Joan Francesc, Pagès Raventos Albert, Vodegel Eva V., Airaksinen Olavi, Espuña Pons Montserrat

2 V Effects of laparoscopic bilateral uterosacral ligament replacement on urinary incontinence in patients with POP-Q stage 1 – 4

   Rexhepi Sokol, Rexhepi Etena, Stumm Martin, Ludwig Sebastian

3 V Radical excision of a complicated transobturator tape

   Grigoriadis Themos

4 V Davydov's laparoscopic modified technique for the creation of a neo-vagina in patients affected by Rokitansky Syndrome

   Candiani Massimo, Parma Marta, Girardelli Serena, Nale Roberta, Iachini Eleonora, Del Deo Fabio, Salvatore Stefano

5 V A new laparoscopic approach of combining the lateral vault suspension with the ventral rectopexy

   Haemmerle Beatrice, Keller Nicole, De Lorenzi Diego, Schneider Seraina, Hummburg Jörg

6 V Gluteo-vaginal fistula after prolapse mesh surgery

   Frigerio Matteo, Manodoro Stefano, Cola Alice, Palmieri Stefania, Sicuri Martina, Milani Rodolfo

7 V UTILITIES OF ULTRASOUND IN THE STUDY OF PELVIC FLOOR DISFUNCTION

   Carmona Ruiz Anna, Esteve Serena Esther, Garcia Manau Pablo, Huguet Galofré Eva, Pessarrodona Isern Antoni, Cassadó Garriga Jordi

8 V Robotic modified sacrocervicopexy for concurrent treatment of pelvic organ prolapse and urinary incontinence

   Uysal Ayse, Toptas Tayfun

09.00 - 09.30

**KEYNOTE LECTURE 1 | REGENERATIVE MEDICINE IN UROGYNAECOLOGY**

**Chairs:** Montserrat Espuña Pons, Eloy Muñoz

09.00 - 09.30

**SESSION 1 | IS UROGYNAECOLOGY UNLIMITED?**

**Chair:** Ramon Usandizaga, Barry O’Reilly

09:30 My experience with fistula surgery

   Eckhard Petri

09:50 My experience with aesthetic surgery

   Massimiliano Brambilla

10:10 My experience with gender dysphoria

   Mick van Trotsenburg

10:30 – 11:00 Coffee Break

11:00 - 12:30

**ABSTRACT SESSION | CLINICAL SCIENCE**

**Chairs:** Gert Naumann, Alicia Martin

11.00 1 O Main research article

   Cranberry capsules to prevent nosocomial urinary tract bacteriuria after pelvic surgery: a randomised controlled trial

   Letouzey Vincent, Ulrich Daniela, Demattei Christophe, Alonso Sandrine, Huberlant Stephanie, Lavigne Jean-Philippe, de Tayrac Renaud

11.08 2 O Urinary tract problems after sexual reassignment surgery, a retrospective study of 44 cases

   Combar Nima, Kuhn Annette

11.16 3 O A double-blind randomised controlled trial of microablative fractional CO2 laser vs sham therapy on patients with vaginal dryness linked sexual function limitations: an interim analysis.

   Girardelli Serena, Pitsouni Eilina, Marotta Elena, Parma Marta, Candiani Massimo, Athanasiou Stavros, Salvatore Stefano

11.24 4 O The effect of birth after an obstetric anal sphincter injury on bowel function and quality of life: the basiq study

   Webb Sara, Stich Alice, Parsons Matthew, MacArthur Christine, Ismail Khaled

11.32 5 O Anatomical changes comparing laparoscopic sacral colpopexy versus anterior vaginal mesh in patients with pelvic organ prolapse with high-risk of recurrence: a randomised controlled trial.

   Ros Cristina, Bataller Eduardo, Anglès Sonia, Elias Núria, Carmona Francisco, Espuña-Pons Montserrat
11.40 6 O Sexual function in women with obstetric anal sphincter injuries in the postpartum period. Analysis according to the mode of delivery.  
Ros Cristina, Anglès Sonia, Elias Núria, Palau Maria José, Espuña-Pons Montserrat

11.48 7 O Has 4D transperineal ultrasound additional value over 2D transperineal ultrasound for diagnosing posterior pelvic floor disorders?  
van Gruting Isabelle, Kluiers Kirsten, Sultan Abdul, De Bin Riccardo, Stankiewicz Aleksandra, Blake Helena, Thakar Ranee

11.56 8 O Imaging modalities for the detection of posterior pelvic floor disorders in women with obstructed defaecation syndrome – a Cochrane meta-analysis  
van Gruting Isabelle, Stankiewicz Aleksandra, Thakar Ranee, Santoro Giuli, IntHout Joanna, Sultan Abdul

Fernández-Gonzalez Sergi, Martinez Cumplido Ruben, Molinet Cristina, Ojeda Fuensanta, Martinez Franco Eva, Gomez-Roig M. Dolores, Amat Luis

12.12 10 O Prospective cohort study of Bulkamid using the BSUG database; case mix and results  
Toozs-Hobson philip, Bach Fiona, Al Singary Waleed, Duckett Jonathan

12.20 11 O Evaluation of urinary incontinence of twin pregnancies according to their mode of delivery. Jumoda-CP study. Results at 12 months postpartum  
Bechard Fanny

12.28 12 O The role of mycoplasma and ureaplasma on interstitial cystitis and bladder overactivity – a systematic review  
Combaz Nina, Kuhn Annette

12.30 - 13:00 MIPS LECTURE | GENETICS OF PELVIC ORGAN PROLAPSE AND THE MEDITERRANEAN REGION  
Diaa Rizk

13:00 – 14:00 Buffet Lunch

14:00 – 14:20 INDUSTRY SATELLITE SYMPOSIUM*

14:20 – 15:20 NOCTURIA - IT'S TIME TO WAKE UP! INTERACTIVE CLINICAL CASE DISCUSSIONS ON NOCTURIA  
Chairs: Linda Cardozo, Stefano Salvatore

15:20 – 16:20 ABSTRACT SESSION | CLINICAL & BASIC SCIENCE  
Chairs: Jan Deprest, Huub van der Vaart

15.20 13 O Comparable compliance and contractility of the vaginal wall following electrospun polycarbonate-ureidopyrimidone mesh implantation and native tissue repair in sheep  
Hympanova Lucie

15.27 14 O C-RGD bioactivation modulates inflammatory response and wound remodelling of UPY-polycarbonate electrosspun mesh in rat  
Mori da Cunha Marina Gabriela M C, Hympanova Lucie, Rynkevic Rita, Wach Radoslaw A, Olejník Alicja K., Dankers Patricia, Arts Boris, Mes Tristan, Bosman Anton W., Callawart Geertje, Deprest Jan

15.34 15 O Contribution of transcriptional changes in extracellular matrix-related genes to pelvic organ prolapse.  
Sabadell Jordi, Quiles Maria Teresa, Linares Arnau, Rodriguez-Mias Núria, Montero-Armengol Anabel, Sallcrú Sabina, Pora Jose Luis, Gil-Moreno Antonio, Armengol Manuel, Arbós Maria Antonia

15.41 16 O New insights into the molecular biology of vesicouterine fistula  
Józwik Maciej, Sidorkiewicz Iwona, Józwik Marcin, Zarabia Kamil, Szymanski Paweł, Kazłowski Robert, Józwik Michal

15.48 17 O Are Obstetric Outcomes Affected by Female Genital Mutilation  
Balachandran Aswini

15.55 18 O Reducing obstetric anal sphincter injury rates in Croydon - our success story  
Balachandran Aswini, Sultan Abdul, Thakar Ranee

16.02 19 O Implementation of a perineal support program for reduction of the OASI rate, and the effect of non-compliance.  
De Meutter Lore, van Heesewijk Nienke, de Leeuw Jan Willem

16.09 20 O Is it possible to predict detrusor overactivity using clinical parameters in women with urinary incontinence?  
A retrospective multivariable analysis  
Seval Mehmet Murat, Çatinkaya Sarife Esra, Kalafat Erkan, Dökmeçi Fulya

* for more details see p. 20
16:00 – 16:30  Coffee Break

16:30 - 17:00  **KEYNOTE LECTURE 2 | ELECTIVE CAESAREAN SECTION: FOR WHOM?**  
Chairs: Michele Meschia, Jordi Cassadó  
Maurizio Serati

17:00 - 18:00  **SESSION 2 | THE UNHAPPY PATIENT AFTER PROLAPSE SURGERY**  
Chairs: Teresa Mascarenhas, Toni Pessarrodona

- 17:00  Doctor, I see a bulge again  
  Themis Grigoriadis
- 17:20  Doctor, it’s difficult to empty my bladder (LUTS?)  
  Brigitte Fatton
- 17:40  Doctor, it’s difficult to empty my bowels  
  Klaus Matzel

20:30  **EUGA Dinner** *

* Dinner is included in registration fee. However, confirmation is needed during registration process, as booking is arranged on a first come first served basis.

Pitsouni Elina, Theocharis Stamatis, Grigoriadis Themos, Dansa Eugene, Zacharakis Dimitris, Tsiveloka Angeliki, Douskas Thanos, Athanasiou Stavros

42 P A pan-european non-interventional study assessing quality of life in patients prescribed mirabeegron in routine clinical practice (believe); secondary analysis stratified by sex  
Freeman Robert, Choudhury Nurul, Stari Anny, Huang Moses, Bowditch Sally, Foley Steve

43 P New perspectives for the use of local oestrogens in the management of OAB in postmenopausal women  
Del Deo Fabia, De Bastiani Sarah Sonia, Iachini Eleonora, Torella Marco, Matarazzo Maria Grazia, Meschia Michele, Salvatore Stefano

44 P Postpartum sexual functioning in primiparous women: 6 months after childbirth  
Esteve Maria, Manresa Margarida, Pereda Ana, Perez Maria, Al-Daii Diana, Ojeda Felipe

45 P Bladder function in the face of sacrocolpopexy  
Rodriguez-Mias Nuria-Lia, Sabadell Garcia Jordi, Suarez Salvador Elena, Montero Armengol Anabel, Gil Moreno Antonio, Poza Barrasus Jose Luis

46 P Impact of mid-urethral tape on sexual matters  
Hensel Germond

47 P Office Laser Treatment of Female Stress Urinary Incontinence  
Hodric Damir, Latin Visnja

48 P Correlation between bladder wall thickness and efficacious botulinum toxin-a treatment in patients with incontinence caused by non neurogenic overactive bladder  
Nicoli Elena, Rota Sonia Maria, Beserzoni Antonella, Franchi Cristina, Bianchi Rachele, Caruso Orlando

49 P Abdominal vs laparoscopic sacrocolpopexy: subanalysis of our previous prospective randomized trial  
Illiano Ester, Zucchi Alessandro, Carbone Antonio, Balsamo Raffaele, Bini Vittoria, Natale Franca, Orselli Donatella, Costantini Elisabetta

50 P Time interval between TVT and first void (TVIT) study  
Atthwal Sharan, Cottam Alex, Umali Anna, Rahmanou Philip, James Mark

51 P Use of absorbable sutures instead of nonabsorbable sutures decreases the rate of erosion after sacrocolpopexy  
Gungor Uguruncan Funda, Demir Onur, Yasu Cenk

52 P Recurrence and reoperation rates in pelvic organ prolapse surgically treated using native-tissue repair  
Muñoz Eloy, Vazquez Alicia, Garcia Alicia, Gutierrez Maria del Carmen, Masero Ana Rosa, Velosa Isabel

53 P Anatomical and functional outcomes, quality of life and sexuality after bilateral sacrospinous fixation for second recurrence of vaginal vault prolapse.  
Vitale Salvatore Giovanni

54 P Reoperations for mesh-related complications after pelvic organ prolapse repair: 8-year experience at a tertiary referral center.  
Warembourg Sophie, Labaz De Tayrac Renaud, Costa Pierre, Fatton Brigitte

55 P What do we offer for prolapse surgery? Trends in England  
Zacche Martino Maria, Cassis Charlotte, Mukhopadhyay Sambit, Giarenis Ilia

56 P Assessment of the overactive bladder symptoms among women with a successful pessary placement.  
Zacharakis Dimitris, Grigoriadis Themos, Pitsouni Eleni, Kyriatiss Kostas, Vogiatzis Nikistratos, Athanasiou Stavros

57 P Sexual disturbance in women with over active bladder.  
Lange Rainer, Frohmeyer Dominique, Naumann Gert

58 P How ‘overactive’ is overactive bladder?  
Pantazis Konstantinos, Milos Themistokleia, Tsarpikidoy Sofia, Lampropoyly Erotisa, Savopoyly Theodora, Papanikolay Alexis, Tarlatzis Basil C.

59 P Ambulatory pelvic floor reconstructive surgery followed by home hospitalization  
Sierra Delgado Mariona, Martinez Franco Eva Maria, Torre Pilar, Rias Montserrat, Gomez Noelia

60 P The surgical treatment of Urge and Mixed urinary incontinence is the outcome dependant on the POPQ stage  
Sturmm Martin, Ludwig Sebastian, Jager Wolfram, Mallmann Peter
61 P Risk factors for stress urinary incontinence recurrence after single-incision sling
   Palmieri Stefania, Frigerio Matteo, Manodoro Stefano, Cola Alice, Spelzini Federico, Sicuri Martina, Milani Rodolfo

62 P POP and OABS
   Grimaldi Antonio, Iervolino Speranza Anna, Pazzella Mariateresa, Torella Marco

63 P Laparoscopic and robotic assisted laparoscopic sacrocolpopexy: a randomized controlled trial
   Costantini Elisabetta, Zucchi Alessandro, Di Rienzo Gaetano, Di Biase Manuel, Carbone Antonio, Pastore Antonio Luigi, Ditonno Pasquale, Illiano Ester

64 P Sexual function among women using a pessary for pelvic organ prolapse
   Pazzella Mariateresa, Iervolino Speranza Anna, Tammaro Carolina, Torella Marco, Colacurci Nicola

   Dodero Danilo

66 P Pelvic organ surgery using Uphold TM vaginal mesh: Comparison of outcomes between elderly and younger patients.
   Allegra Lucio, Addirahman Syad, Hedde Audrey, Fotion Brigitte, De Tayrac Renaud

67 P Management of Third and Fourth Degree Perineal Tears
   Beikhir Reem L.B. Hansho Mohammed Ayman

68 P Myofascial pelvic syndrome treated with botulinum toxin injections: our experience.
   Garcia López Enrique, Leal García M. Ángeles, Serrano Velayos Sara, Muñoz Muñoz M. Mar, Usandizaga Elío Ramón

69 P Evaluating the severity of postpartum pelvic floor dysfunction
   Lai Mira

70 P Metabolic syndrome and overactive bladder
   Monclus Argany Monsterrat

71 P An epidemiological study NF urinary symptoms in postmenopausal women with genitourinary syndrome
   Parma Marta, Redaelli Anna, Inchain Eleonora, DelDeo Fabio, Marotta Elena, Girardelli Serena, Degliuomini Rebecca, Salvatore Stefano

72 P Pain after midurethral sling implantation - our clinical experience
   Homola Prokop, Hensel Germund, Holcmanová Radka, Koštál Milan

73 P Uroginecologic nonablative radiofrequency in women with pelvic floor dysfunction
   Piñero Ester

74 P The correlation of the Oxford Grading Scale and Manometry in the evaluation of the strength of pelvic floor muscles in elderly women with urinary incontinence
   Rocha Flavia, Jorge Renato Natã, Carvalho Joana, Viana Rui

75 P Evaluation of high BMI prevalence in pelvic floor pathology.
   Pérez de Puig María

76 P Anatomical and functional effectiveness of the vaginal kit Anterior/Apical single incision mesh Elevate for the treatment of anterior and apical compartment prolapse after a median of 3 years
   Faioli Raffaele

77 P Complications of the surgical treatment of female urinary incontinence with needleless-technique. Results in 8 years.
   Amela Árvalo Alda, Baya Pejenauta Gonzalez, Falgas Thelgias Sara, Izquierdo Argelich Ricard, Arnau Bartels Anna, Bergós Sorolla Carmen

78 P Patients’ experience with endoanal ultrasound after obstetric anal sphincter injuries: a survey
   Bulchandani Supriya, Burden Fleur, Jawed Ambreen

79 P The relationship between prolapse SEVERITY and the genita hiatal area measured by 4D ultrasound.
   Carmona Ruiz Anna, Esteve Serena Esther, Garcia Pablo, Huguet Galofré Eva, Pessarrodon Isarn Antoni, Cassadó Garriga Jordi

80 P Age is the only variable affecting microhematuria prevalence in pelvic organ prolapse
   Gokmen Karasu Ayse Filiz, Aydin Serdar, Adıname İknur, İlhan Gulsah, Marasil Mustafa, Ates Seda

81 P Absorbable Strap Versus Single Stich Suture Fixation of Posterior Mesh in Laparoscopic Colposacropexy
   Turell Marsal Eva, Suarez-Salvador Elena, Rodríguez Núñez-Laia, Bradbury Melissa, Sabadell Jordi, Vilà Eva, Gil-Moreno Antonio

82 P Intratissue percutaneous electrolysis technique vs manual therapy in women with perineal pain and dyspareunia
   Walker Carolina, Díaz Martin Isabel, Di Meglio Verónica, Gadadeh Suluk, Brunel Ignacio, De Haro Mar, García Gálvez Gema

83 P Treatment with a polycaprolactone-based bioreabsorbable collagen stimulator (BCS) for mild to moderate SUI.
   Koldewijn Evert L, De Wachter Stefan, Dennis J.A., Jan Gerleman, de Wiltt Michel J, Vandorinck Vera
84  P  Assesment of factors affecting patient satisfaction 12 years after TVT (tension-free vaginal tape) surgery
Bros-Kanopolikou Magdalena, Chmielienski Grzegorz, Jodzis Agnieszka, Teliga-Czajkowska Justyna, Czajkowski Krzysztof

85  P  First results of the URGE 2 study -randomized trial to compare solifenacin and transobturator tape placement after bilateral uterosacral ligament replacement in the treatment of urge incontinence
Ludwig Sebastian, Stamm Martin, Mallmann Peter, Jaeger Wolfram

86  P  Pelvic organ prolapse. Correlation between physical examination and magnetic resonance
Moreno Baró Anna, Riu Juan Núria, Mestre Montserrat, Rubi Josep, Lieberia Juanes Judith, Tortajada Lidia, Mora Laura, Serra Sheila, Pelissera Anna, Vicente Eduardo, Escolano Fernando

87  P  Can we replace the catheter when evaluating urinary residuals?
Araklis George

88  P  What is the role of cough stress test in the evaluation of women with urinary incontinence?
Çetinkaya Serife Esra, Seval Mehmet Murat, Dökmeci Fulya

89  P  Influence of risk factors in the results of the TVT-O surgery for incontinence
Deus Boti Carolina, Lieberia Juanes Judith, Rubi Josep, Mestre Costa Montserrat

90  P  Transvaginal treatment of anterior and apical genital prolapses using an Ultra lightweight mesh: Anterior Restorelle® Direct Fix. A retrospective study on feasibility and morbidity
Ferry Philippe

91  P  Levator ani muscle injury: An obstetrician point of view
Larrakaga-Accarate Carlos

92  P  The effects of knowledge and attitude towards pelvic floor exercise on the exercise self-efficacy of puerperal women.
Shin Gisoo, Kim Hye Jin, Kim Mi Ok

93  P  Functional outcome after nerve sparing sacrocolpopexy; a prospective study
Koerting Isabelle, Bruehlmann Esther, Christmann Corina

94  P  Repeat sacrocolpopexy for recurrent vaginal vault prolapse
Faehnle-Schiegg Iva, Christmann Corina

95  P  The effect of persistent OP position in primparas on the development of pelvic organ prolapse, and levator ani avulsion
Salameh Fadi-Tamas

96  P  An observational study of lower urinary tract symptoms in patients with mayer-rokitansky-küster-hauser (MRKH) syndrome undergoing the davydov procedure
Nale Roberta, Girardelli Serena, Parma Marta, Iachini Eleonora, Canniandi Massimo, Salvatore Stefano

97  P  Instrumental vaginal delivery and the subsequent pelvic floor morbidity: Urinary Incontinence, Anal incontinence and dyspareunia.
Vega Victoria, Arez de Puig Manu, Estefania Maria, Pereda Núñez Ana, Ojeda-Perez Felipe, Vinvent Villamau Marta, Saras Castello Núria, Manresa Lararca Margarita

98  P  Internet as an information provider in women with vulvodynia. Is it a real help or is it even more confusing?
Ricci Paolo, Stefr Daniel

99  P  Cystocele with apical defect: The role of apical defect in the classification of pelvic organ prolapse.
Symanowski Pawel, Łazewki Marius, Szepaniec Wioletta K, Zawada Hanna, Zarawski Marcin, Zuchlinowska-Kwieckowska Joanna, Swieez Elzbieta, Gierat Anna, Józwik Maciej

100  P  Design of a postpartum rehabilitation program to prevent pelvic floor dysfunctions
Villa Famada Anna, Lieberia Juanes Judith, Mestre Costa Montserrat, Costa Paujo Jordi, Rubi Josep

101  P  The factors affecting the urinary tract symptom of women in the third trimester of pregnancy
Baek Hee Chong

102  P  Urogynecologists’ Personal Choice of Mode of Delivery. The DECISION-Study. Preliminary Results.
Bihler Julia, Tunn Ralf, Reisenauer Christ, Abele Harald, Raff Katharina, Wallwiener Markus, Brucker Sara Y, Huebner Markus

103  P  Postpartum female sexual dysfunction: effects of two different degrees of pelvic floor muscle exercises.
Iervolino Speranza Anna, Pizzelli Mariarosaria, Passaretti Angela, Torella Marco, Colacurci Nicola

104  P  Transvaginal correction of post hysterectomy vaginal vault prolapse: comparison among mesh-free techniques
Manzadoro Stefano, Tizianetra Mattia, Vellucci Francesca, Speziani Federico, Cola Alice, Palmieri Stefania, Sicuri Martina, Milani Rodolfo

105  P  Spondylodiscitis after laparoscopic sacrocolpopexy
Meili Gesine, Schneider Jürg, Sigg Marianne, Christmann Corina

Sponsored Symposia

Thursday 19th October 2017
17:30 - 18:30 Sponsored Session on Laser

Friday 20th October 2017
Sponsored Symposium:
14:00 - 14:20 Less is more – advantages of the single-incision sling Altis
Suburethral slings are the gold standard for the surgical treatment of stress urinary incontinence. But are single-incision slings as good as full length slings? Many single-incision slings only have one size - and one size does not fit for all. Every woman is unique. The Altis sling is adjustable and the efficacy is very high with very few complications reported.
ABSTRACT SESSIONS
All abstracts submitted from 1st April 2017, and by 31st July 2017, will be anonymously examined by EUGA Abstract reviewers and accepted for oral or video presentations, as well as discussed and non-discussed posters.

PRESENTATION METHODS
Oral (Podium) presentation
Video presentation
Poster presentation
Non Discussed posters
Oral presentations are scheduled to last 75 minutes (4 minutes for presentation, 3.5 minutes for discussion), whereas video presentation are scheduled to last 8 minutes (5 minutes for presentation, 3 minutes for discussion) and discussed posters will be lasting 5 minutes (3 minutes for presentation and 2 minutes for discussion).
Authors of discussed and non-discussed posters are expected to print and to take care personally of their own presentation display; the poster area will be at their disposal throughout all Congress. Posters must be printed in a 70 x 100 cm format, oriented in vertical.

ABSTRACT AGREEMENTS
If your abstract is accepted for either oral or poster session, you will be asked to accept the following conditions:
- Present the lecture in the session format assigned to you by the Scientific Committee
- Register for the conference and assume responsibility for your own registration, lodging and transportation, as well as providing a substitute presenter in case of absence.
- Authors of non-discussed posters should be nearby their printed abstracts during coffee and lunch breaks, to answer any questions from specialists

IMPORTANT REQUIREMENTS
Presenters of accepted abstracts must pre-register for the Meeting.
If changes to your presentation are necessary, you can make them in the on-line abstract section during the submission period. You may log into the system with your last name and abstract PIN number, then choose the abstract you want to modify. You can modify/delete/change your abstract at any time during the abstract submission period. Submission of the abstract implies the author's consent to publication.

ABSTRACT NOTIFICATIONS
Notification regarding abstract acceptance/rejection will be made available online and mailed individually to corresponding authors in a short while, however by 31st August 2017. If you do not receive any e-mail notification regarding your abstract submission by this deadline, please send an e-mail to info@eugaoffice.org.

ABSTRACT REWARD
EUGA is pleased to announce that there will be a prize for the best podium presentations in each abstract session (Clinical Science and Basic Science) as well as for the best poster. The awards will be announced at the Closing Session of the Annual Meeting.
Award Winning abstracts will be announced during EUGA Dinner on Friday 20th Oct and will be officially given during the award winning ceremony on 21st Oct, Sat, from 12:30 to 12:40

UEMS ACCREDITATION REQUESTED
UEMS application will be filed and consequently evaluated for Gynaecologists, Urologists, Surgeons, Neurologists and Physiatrists.
In order to obtain UEMS credits it is required to attend all scientific sessions, and to complete the assessment questionnaire which will be available online from 23rd October to 10th November 2017. Credentials to access the questionnaire webpage will be printed on the Congress badge for those participants who provided a valid email address during registration. Participants are expected to verify the accuracy of their own contact details and to make sure those details have been properly given either online or on the registration form. We would also kindly invite participants to cooperate in verifying their presence during the Congress days. UEMS credit certificate will be available online and can be downloaded from the same registration page.
CONGRESS VENUE

The Crowne Plaza Fira Barcelona
Av. de Rius i Taulet, 1, 08004 Barcelona, Spain - Tel.: +34 934 26 22 23

The congress venue is a 10-minute walk away from ‘Espanya’ and ‘Poble Sec’ subway stations, and is situated right behind the Barcelona Fira Buildings, the city’s trade-fair area.

ACCOMMODATION

Special room rates have been negotiated and will be available to Meeting delegates only. Should you wish to make a reservation, please check the website of EUGA congress for availability (www.eugacongress.org).

Cancellation policies may vary, according to the selected Hotel. The Organizing Secretariat has provisionally blocked, until the end of June, a room allotment at favourable rates, in the following hotels surrounding the area of the Congress Venue:
- Catalonia Barcelona Plaza 4* (750 m away from Crowne Plaza Barcelona Fira)
- Pestana Arena Barcelona 4* (1 Km approx.)
- Gran Hotel Torre Catalunya 4* (1.5 Km approx.)
- Expo Hotel Barcelona 4* (1.5 Km approx.)

Delegates and sponsors are suggested to contact the hotels directly to arrange their bookings; however, the Organizing Secretariat may assist you to facilitate booking.

SPONSORS & EXHIBITORS

Companies interested in sponsoring or exhibiting at the event are invited to contact the organizing secretariat at euga@defoe.it.

REGISTRATIONS FEES

Registrations process may be carried out online - on the Congress Website | www.eugacongress.org - or by sending the Organizing Secretariat an email with the Registration form in the following page available on the Congress Website. Registration costs vary according to deadlines and subscription type. Fees are established as follows:

<table>
<thead>
<tr>
<th>EUGA MEMBERS</th>
<th>NON-EUGA MEMBERS</th>
<th>ABSTRACT PRESENTERS</th>
<th>WORKSHOPS (on 19th Oct)</th>
</tr>
</thead>
<tbody>
<tr>
<td>470€ After 15th Sep</td>
<td>570€ After 15th Sep</td>
<td>320€ After 15th Sep</td>
<td>50€ After 15th Sep</td>
</tr>
</tbody>
</table>

The congress dinner is included in the registration fee, and is especially intended as an additional benefit for congress delegates who confirmed their participation during the registration process, by 15th September 2017. In case of group registrations, please contact the organizing secretariat at euga@defoe.it for further information. All fees are VAT exempt. Cancellation Policy: registration fees are 75% refundable by 30th June 2017; any banking fees are not covered by refund policy. After 30th June, no refund will be issued.

EUGA DINNER

EUGA Dinner Venue is Xalet de Montjuic (Avinguda Miramar, 31, 08038 Barcelona). Dinner is reserved for those who confirmed their attendance during registration; the event starts at 8 PM. It will not be possible to reserve a place on-site, due to logistic and organizational reasons. A shuttle service will be available (confirmation needed during registration process as booking are arranged on a first come first served basis), operating a round trip service from Crowne Plaza Fira Center (returning to the Congress venue at 11.30 PM).

SKY TEAM

EUGA 2017 Annual Congress is registered in the SkyTeam Global Meetings list.

The airlines of SkyTeam offer exclusive discounts up to 15% on all SkyTeam airlines, serving 1057 destinations in 179 countries with over 16270 daily flights. For more details, please visit www.eugacongress.org and go to the Accommodation webpage.

IMPORTANT REMINDERS

- If you are a member of a EUGA affiliated society, you are also a EUGA Member.
- If your abstract is accepted you will benefit from the special ‘abstract-presenter’ fee.
- If your abstract is selected, it will be published on the EJOG Journal, and will be available on search engines used by many healthcare professionals. Please consider that publications on refereed journals might result in acquiring CPD credits.
- If your abstract will be ranked 1st in its category, you will be awarded a 500€ prize, and a 250€ prize if it is ranked 2nd.
